Frequently Asked Questions (FAQs)

Why do you need this information?

Legislation means that abrDN is responsible for identifying where customers are tax resident. Your Tax Status information is required to enable us to comply with regulations governing automatic exchange of information, including the US Foreign Account Tax Compliance Act (FATCA) and regulations based on the OECD Common Reporting Standard (CRS) whereby jurisdictions have agreed a number of Inter-Governmental Agreements (IGAs) to share tax information with tax authorities in other jurisdictions. Under both FATCA and the CRS, we are required to determine where you are tax resident. If you are tax resident outside of the United Kingdom, we may be required to provide this information to HMRC. HMRC may then share this information, along with information relating to your investment with tax authorities in the United States of America, or in other CRS participating jurisdictions in which you are tax resident. There are now over 100 countries globally which are participants to CRS.

What authority do you have to share this information?

This requirement is part of the UK legislation with the details included in the Finance Act 2013. There is no data protection issue with this, since by doing so we are complying with our obligations under UK law. It is HMRC who will be exchanging information with other countries' tax administrations, where appropriate, in accordance with the UK's obligations under international inter-governmental agreements.

I have more than one product with you. Will you have to complete this declaration for every product?

No. You normally only complete one declaration. However, if you do receive more than one form, please complete and return them all to us.

Which customers would normally receive a form to fill in?

The majority of clients receiving this Entity Self-Certification form will be a client who is a new customer at onboarding and has been identified as a passive NF(F)E and we are legally obliged to collect controlling persons' data. This form is also sent out when there is a change of circumstances and tax residency has changed for a customer.

What is a controlling person?

Controlling Persons of a trust, means the settlor(s), the trustee(s), the protector(s), the beneficiary(ies) or class(es) of beneficiaries, and any other natural person(s) exercising ultimate effective control over the trust (including through a chain of control or ownership).
